

**TECHNICAL DATA SHEET**  
**STRONGER THAN NAILS**  
**Construction Adhesive**

**PRODUCT DESCRIPTION**

**STRONGER THAN NAILS** is a high strength adhesive which eliminates the need for nails, screws or plugs in many Do-it-yourself jobs.

**STRONGER THAN NAILS** is made of flexible adhesive thus can resist failure during movements. It will stick virtually anything to anything. It will adhere to most surfaces with higher bond strength. It limits the need for temporary supports on most heavy items while the adhesive sets.

**FEATURES & ADVANTAGES**

1. Easy to apply
2. Instant grab
3. Fast-setting
4. Excellent adhesion
5. Water-based, solvent-free
6. Flexible
7. Environment friendly
8. Non-flammable
9. No offensive odor
10. UV resistant

**BONDS to the following materials:**

Vinyl	Cement board
Wood parquet	Gypsum board
Wood	Most plastics
Wood laminates/floor laminates	PVC
Ceramics	Bricks
	Metal
	Glass
Polycarbonates	Styro foam
Rigid insulation	Rubber

**APPLICATION PROCEDURE:**

**Surface preparation:**

Surfaces should be clean free of oil, dirt, dust and water. Remove all loose particles, laitance and other foreign materials.

**PROCEDURE:**

1. Spread sufficient amount of glue on the surfaces to be bonded.
2. Press both substrates together.
3. Wipe off excess glue with wet cloth for an easy clean up.

**STORAGE HANDLING**

Store at room temperature. Keep container tightly closed after use. Any skin/film formation should be removed before it cures.

**PACKAGING:**

Available in 280mL cartridge
